

UNIVERSAL FIRESTOP CAST-IN DEVICES FOR FLAT CONCRETE DECK (CFS-CID U)

Application

- Opening creation in flat concrete slabs to run pipes or conduits with firestop already installed
- Universal design for plastic pipes, metal (insulated and non insulated) pipes, plastic and metal conduits of various sizes
- For Slab thickness from 4.5" and up
- Concrete floor assemblies rated up to 3 hours

Product Benefit and Features

- Quicker and simpler installation — designed to help increase your productivity and reduce labor costs
- Greater peace of mind — one sleeve for all pipe types
- Creates an opening with the firestop already included — no coming back for firestopping required
- Integrated water and smoke seal — provides smoke and water containment
- Help save time on site — can remove lid and pipe from same floor (either top or bottom)
- Adaptable accessories — increase your application coverage
- Helps reduce the chance of project delays due to failed inspections

Installation instructions
